Unpresented Chq	<u>\$ 734.03</u>
	<u>\$12,468.63</u>

Moved by: Noel Cannard **Seconded by:** Clarrie Stevens that the treasurer's report be accepted.

Committee of Management:

A discussion was held in relation to the number of trips the club would organise and after some discussion it was decided that the club would organise 3. It was also moved by Kate Crocker and seconded that we move the February trip to March which give us 4 months between each trip. At the moment the only one confirmed is Valla for Christmas in July. Bev Shoobert is looking into parks etc. for venues for March and November. We are waiting on survey forms to be returned to see if there are any suggestions as to where we go. John stated that he knows that CMCA who normally have two rallies per year have cut back to one as they can't find venues.

The other discussion was in relation to the Christmas lunch and if we should make it a week day instead of a Sunday. What are your thoughts? John and Susan are having a meeting with the Hali management in relation to the Christmas lunch and meals.

Also, there was a discussion in relation to the newsletter and the minutes. It was decided that the newsletter and minutes would not be sent out to members in the post due to the cost of postage etc. but would be available at the next meeting.

Rhonda and Ron Stewart are going to be travelling and would not be at the July meeting to collect their 10 year pin. It was decided to present it to them at today's meeting.

Social Directors Report:

Thank you Cheryl who suggested the beautiful Shelly Beach as a venue

A big thank you to Fay Thomas & Bev Shoobert for their help & support in planning the day. I was overwhelmed by the many messages from members acknowledging the successful day. To all those members I thank you for your kind words & encouragement. How about our entertainer, Jordan Ingram, her first solo performance, she did so well, watched by very proud Grandmother Cheryl. For those members who have asked....The club subsidised the event by \$1287, which equates to \$10 P.P.

Our next event will be the Christmas in July at Hallidays. We will have the program on the board next meeting. Please anyone who has special needs for their diet, please inform me ASAP, for catering. Don't forget the monster charity raffle, to be drawn at 6PM sharp, more from Kate. Also, please pay ASAP, we need final numbers for the caterers.

The next social lunch wed Aug 10th @ 12noon, I have added to that date The Classic & Exotic Car museum with 300 cars recently opened at West Gosford, (the old Bunnings store) I have made a booking for 10am before the lunch at the Settlers Tavern. I will have a sheet on the board for numbers at the next meeting. Seniors entry is \$12.

Next, we have several ideas for our traditional Christmas lunch, we will be in talks with Halekulani club this week. Without a lot of notice could you give me an idea of choice either a Sunday or a weekday?

(Show of hands was overwhelming for a weekday.)

Any questions ???

Charity Officer's Report:

I would like to reiterate on Peter Barnes. He is very ill and was put into an induced coma. Also, he thinks he was bitten by a mosquito in Qld. He was in Wyong Hospital but has since been transferred to Gosford. He is in very bad way. Please make sure you use your bug spray.

Also, I only have 128 tickets left. Please see attached list for prizes.

Welfare Officer's Report:

Cheryl Ducker - It was lovely to see Cheryl at our Anniversary Lunch. Her bi-pass operation went well, but she developed an infection and the day I visited her, her blood pressure had dropped dangerously low during the night. She had another spell in hospital as she developed fluid on her lung and she already had the infection, so was on antibiotics. It is a long road to recovery, but she will get there. She is here with us today and back doing her welfare duties, which is good to see.

John Holland - John had the defibrillator placed in his chest on Thursday 18th May. The operation also went well, but instead of overnight in hospital he had a few complications, so was in for about a week. He went to RPA the morning of our Anniversary Luncheon but made it back in time and it was great to see him there. He looked really well. Unfortunately he was unwell during that night and was taken to Gosford Hospital. He too had fluid on his lungs and an infection. He came home on Wednesday, so hopefully he will be better now.

Stephen Gribbin - To all our friends and acquaintances in the club, I'd like to pass on our thanks for all your enquiries, good wishes and prayers about our son Stephen's liver transplant. Stephen and Faye also send their thanks to all who sent their good wishes, prayers etc. over Facebook. Both Faye and Stephen were appreciative to think that people who don't even know them were sending messages. He too has a few ongoing hiccups, but is very grateful to have a chance at a new life with many thanks to the wonderful donor and his/her family, He now looks about 10 years younger now and is back speaking at Rotary functions.

Fay Thomas - Fay has had a sinus operation and while it is an uncomfortable operation she looked well at our luncheon and she is doing well. Just keep blowing your nose Fay.

Robert Wenning - Robert starts treatment 28 June for his prostate and the treatment lasts for about 7 weeks. We wish him a speedy recovery.

Sandra LeeSing - Sandra has had a knee replacement and while it is very sore, she seems to be doing well. She has been discharged from hospital and is now in rehab for a couple of weeks.

Bev Shoobert. - She has had a skin cancer (presumably) cut out of her face near her ear. Laurel hadn't spoken to her, but she said it is alright and was waiting on pathology reports.

Peter Barnes – Peter picked up a virus in Qld and is in intensive care and in a bad way. We wish Peter well.

Rhonda & Ron Stewart – This will be their last meeting with us for a while as they have now sold their house and will be on the road looking for somewhere to settle. We wish them safe travels and hope to see them again very soon.

Thought for the day from Blue – Any day you wake up you're not dead.

Tour Director's Report

There is not much happening with trips for 2016 only 6 up. 2017 seems to be the focus especially in the first half of the year as there are 4 trips already up with a further 6 to yet go up that I know of. Feb/March is filling up fast.

If you are interested in going to the State Rally there are only 2 sites left for our group. I have registration forms or contact secretary@caravanclubsnsw.asn.au.

Kate Crocker is concerned that the Lakeside Forster trip following Christmas in July is declining in numbers, to get the great discount then park is offering us. 10 vans need to attend, If you'd like to join this trip add your name to the sheet please ring & book in.

Once Christmas in July & New Year's theme at Lakeside are over we have a big lot of nothing apart from the National Rally in September then Melbourne Cup club Rally in late October early November followed by the Narrabeen Leisure trip. Then ending 2016 with the back to 50's New Year's Eve Party at the Olesen's property.

There's been a lot of talk in the past about members finding it difficult at times fitting in and feeling unwelcome on large trips. I'd like to encourage new members & long term members to think about putting on a small group trip say 10 – 12 vans. These smaller group trips are much more friendlier where the group seems to learn much more about fellow members in attendance.

Also not all members like being stuck in one location, so often a mini ramble is the key to a small group venturing around some lovely country towns.

Not all trips need to be based on an event, but if it's an event you'd prefer to focus a trip on, well there's a lot happening around the country over the next 4-5 months.

I've been putting my notes together concerning caravan parks that can accommodate large groups, also showgrounds. I've only had time to put a portion of my research together and I still have a lot more info on caravan parks, I've so far only put a few showgrounds in the report, but still have quite a few more to add. If you can add to my growing list or update on any of my information please email it to me bev.shoobert@bigpond.com I've put some copies around tables.

Any member needing assistance on putting a trip together please contact me I'm happy to help.

Clarrie Stevens spoke in relation to putting on a trip to Beechworth next year, but unfortunately it seems that the park is booked for 2017 so we will look at 2018. Also if anyone is interested he has a "pig" available in the boot of his car if anyone is interested.

Editor's Report:

If you have been asked to submit a report for the newsletter could you please keep it to a ½ page document, also, if you wish to include a photo that is fine.

It was decided at the committee meeting that was held on Wednesday 15/6 that the newsletter and minutes will not be posted out but will be available in hard copy at the next meeting. If you could come and see me before the meeting I will have them ready for you which should give you plenty of time before the start of the meeting.

(The reason for this is costing. It now costs us \$2.00 to post out but you have to remember that there is ink, paper and postage and when this is put together with insurance and membership the cost starts to go up). Denise Brewer asked could she supply her own envelope and stamp and it was explained that yes she could but it would have to be the bigger size envelope and the cost would be \$2.00. Ron Gibbs spoke about a car club who spent over \$4,000 in postage so they have stopped sending their newsletter out by post as well.

Also, if anyone has moved over the last 12 months could they please let me know ASAP so I can update our member spread sheet.

Vice President's Report:

We have 6 visitors' here today. This is a great club and we hope you join and that we see you around.

I would like to thank Susan and the committee for a great day at Shelley Beach Golf Club for the 10 year anniversary dinner with great food. It was a great day for Alice and I and the cake was fantastic and what I thought was great was the club emblem on the cake.

There is a trip on the board for Narrabeen. If you wish attend all you have to do is put your name on the list. Do not contact the park to make a booking you just need to email me. If you ring the park they will get very confused.

There has been a lot of discussion on club organised trips but the problem is where we can fit everyone. Maybe we can go to the Oelsen's , organise a marquee and have it there. It is not difficult to organise a marquee but we just need to find somewhere.

.Alice and I are leaving on 2nd July for a trip north for a few months. If you need me just send an email.

General Business:

Susan advised that the cake was made by Killarney Vale Cakes and Pies. There were only 8 slices left. There was a lot of discussion on what flavour we should have so we decided on ½ chocolate and ½ caramel. They were concerned that because of the size of it they thought it may split in half so they put it onto a large silver tray.

John was sitting in a doctor's surgery and was reading a magazine on lithium batteries. This man was charging his lithium battery and it caught fire overnight and burnt his house down.

Janis Treacy thanked everyone for the doilies and trauma dolls and advised that the children were very grateful.

Meeting Closed at 1.52pm

WINNERS of FREE LUNCH – June White & Arthur Nicols

RAFFLE WINNERS

\$50.00 – Cheryl Dew, \$30.00 – Bob Brewer, \$20.00 – Fay Thomas
